

FELICIA FRENCH

ARIZONA STATE SENATE | LEGISLATIVE DISTRICT 6

Colonel (Ret.) Felicia French is a 32-year Army and Arizona National Guard veteran, nurse, educator, MedEvac helicopter pilot, entrepreneur, sustainability scientist, and proud mom. She's running for State Senate to deliver real solutions for ALL Arizonans. Felicia is a third-generation Arizonan, currently living in Pine, Arizona. Her roles as an Afghan War veteran, pediatric and hospice nurse, community college educator, and as a single mom exemplify her lifelong commitment to public service and family well-being.

Felicia earned her B.S. in Nursing, an M.S. in Sustainable Solutions from Arizona State University, an M.S. in Management from the University of Southern California, as well as military degrees from the Air Senior Service College, the Army Environmental Policy Institute, and the Defense Equal Opportunity Management Institute. Her leadership skills were formed as she worked her way up the ranks from Private to Colonel, during her three decades of service in the United States Army and Arizona National Guard.

Her continued dedication to public service is also reflected in her volunteer work as a veterans' hospice nurse in Rim Country, as a nurse with AmeriCares disaster relief efforts for Hurricane Dorian in the Bahamas, and with her roles in the local Civil Air Patrol, Tonto Rim Search and Rescue, Community Emergency Response Team, and Sierra Club.

Felicia ran for state representative in LD6 in 2018, in an incredibly close race, where she came within 0.4 points of winning. Empowered by that experience, Felicia is now the first democratic candidate to run twice in the district, competing for the Arizona State Senate LD6. Her priorities are fully-funded [public education](#), quality [healthcare](#) that's affordable and accessible, and more [accountable state government](#), that will deliver local job opportunities while protecting northern Arizona for families and future generations.

"It's time to improve public education, expand access to quality and affordable healthcare, make our state government more accountable to northern Arizona's rural communities, and make sure policies drafted at the state capitol benefit ALL Arizonans, by creating more local job opportunities, while also protecting northern Arizona's water and land for our families and future generations," Felicia said. "Together, we can move Arizona forward with real solutions."

ABOUT THE OPPONENT

Each legislative district in Arizona is represented by one senator and two representatives. In the 6th Legislative District, the current senator is Republican Sylvia Allen. She was first elected in 2014, and is seeking reelection this year. Allen is a far right-wing arch-conservative. She has either sponsored, co-sponsored, or voted for literally every single **anti-abortion bill** that has come across the senate floor during her tenure. This has **earned her** a 0% rating with NARAL and an endorsement from **Arizona Right to Life**. Additionally, as an **NRA-endorsed senator**, Allen has either co-sponsored or voted in favor of every single pro-gun bill that has ever crossed her, including one almost laughably pointless bill to designate an official **Arizona state gun**, and another, much more insidious bill allowing the concealed carrying of guns near **school campuses**.

Also running, Wendy Rogers has run five consecutive **failed campaigns** for seats in the Arizona state senate and in the US House, only once even making it out of a primary. Rogers' **issue stances** have grown increasingly Trumpian. On her **campaign website**, she refers to undocumented immigrants as "illegals" and promises to "vote against any gun control measure." Additionally, Rogers has a whole section devoted to "protecting religious liberty" where she promises support Bible classes and Christian prayers in schools. She specifically

WHY THIS RACE IS IMPORTANT

Democrats need to win 3 Senate seats in order to flip the chamber. Momentum is on our side: in 2018, Democrats won a hotly contested federal Senate race and flipped 4 House seats, bringing the chamber to the closest partisan divide in decades. We can build on this energy to flip at least one chamber in 2020.

Flipping a chamber would break a stubborn Republican trifecta, keep Republicans from passing harmful and regressive legislation, and provide an opening for Democrats to advance their own progressive legislative agenda.

WHY ARIZONA IS IMPORTANT

- **State Legislative Primary Date:** August 4, 2020

BROADER 2020 OPPORTUNITIES

Arizona is ‘blueing’ – and it has important implications for the presidential election. While Romney carried Arizona by 9 points in 2012, Trump’s win was by just 3.5 points. And since then, demographic and partisan shifts have continued to swing in our favor, as evidenced by Democrat Kyrsten Sinema’s narrow Senate win in 2018, and Democrats’ 4-seat pickup in the state house that year.

There is also an important, very competitive Senate race in Arizona this year (R-McSally), as well as several competitive Congressional races (including AZ-06, AZ-01 and AZ-02). Working to support AZ state legislative candidates will be instrumental in helping drive turnout up and down the ticket in this historic election year.
