

# LD 6 Canvassing from your Couch Cheat Sheet

**Why do we need candidate IDs?** To create our target universe of voters to persuade and turn out for Get Out the Vote (GOTV) later in the cycle. <https://www.frenchforaz.com/> and <https://www.coralevansaz.com/>

## Candidate ID/Support Scores (1-5)

**1** (Strong support, people who are 100% going to vote for us even if we never talk to them again) *Yes! I love Coral/Felicia and can't wait to vote for them!*

**2** (Lean support, people who will likely vote for us, but we may need to check back) *Are they democrats? I'll probably vote for the democrats.*

**3** (Undecided, if you have no read on a person they're a 3 and we will need to follow-up again) *I haven't thought about the election at all, I have no idea who I'm supporting.*

**4** (Lean against, they're not inclined to vote for us, but there's a potential to change their mind) *I don't vote for democrats, but I'm concerned about....*

**5** (Strong against, people who will never vote for us) *I'm never voting for your people!*

## Felicia & Coral's Top Priorities/Issues:

**1 Education**, to fund our schools and teachers.

**2 Healthcare**, to make treatment more affordable and accessible.

**3 Local Control**, to make the government more accountable to cities, towns, and counties and allow local decision-making without interference from the state.

**Other Priorities:** Increase support for small local businesses and veterans; protect the water and open spaces that make this area so special.

**Volunteer/Voter information can be updated in the "details" section.**

Felicia & Coral have uncontested democratic primaries. After the April 6 signature deadline and August (GOP) primary, we'll know all candidates. LD 6 is currently represented by Sen. Sylvia Allen, Rep. Walter Blackman, and Rep. Bob Thorpe (termed out).
