**Joanna's Top Priorities/Issues: https://joannafortexas.com/**

**1 Economy & Jobs:** Invest in green jobs, workforce training, as well as incentives for the arts and film production, small business development and community development.  Real property tax relief including an increase in the homestead exemption will strengthen the economy, We need to invest – as Dallas County has already done – in community colleges, workforce and trade education, and incentives to lure businesses. We need better infrastructure to meet the demands of our growing economy and workforce.  Smart solutions, not partisan politics is what will drive our economy

**2 Healthcare**:  Despite the fact that Texas has the highest rate of uninsured residents in the US and nearly two-thirds of Texans support the expansion of Medicaid, the Texas Legislature refuses to expand health insurance access to 1.6 million uninsured Texans. When elected, Joanna will work to expand access to critical healthcare for all Texans. She will focus on increased funding for mental health services and family planning.  Supports strong oversight of state-contracted Medicaire service providers

**3 Education:** Former educator w/10 yrs classroom experience. Supports public school not voucher programs. Make public education a priority by reinstating state funding levels to 50 percent.

**4  Gun Sense:** Joanna supports increased background checks, safe storage campaigns, responsible gun ownership and keeping guns out of the hands of dangerous offenders and mentally ill individuals. Supports statewide gun surrender policy and advocates for one that protects victims from further abuse at the hands of domestic abusers.
